1. Chapter 1

Chapter 1

A teenage wasteland. That was the only way eleven jane hopper could describe Hawkins High School as she walked into the front door and to home room. She sat next to a group of 3 boy's and a girl the girl was cute the boy sat next to him who ridiculously was sporting a mullet from the 80s and a baseball cap introduced himself as dustin henderson he had cleidocranial dysplasia which meant he was born with no collar bones and lost his teeth frequently the girl to his right introduced herself as maxine max mayfield

"Everyone calls me max"

"Hi max" jane replied shyly

"Hi jane" max siad a beam of confidence that melted janes heart in an instant

They then introduced mike and lucas mike was lanky with shaggy he had 2 sisters one older by the name of nancy who was dating the groups designated babysitter steve 'the playboy' harrington and younger sister in kindergarten by the name of holly who just melted janes heart a little bit more after what max had done to her the other boy lucas was a kind hearted black boy with a sassy younger sister by the name of erica max had an ass hole for a stepdad and douchebag of older stepbrother with arrogance to rival steves just the mr smith entered the room wearing tight pinstriped suit he then proceeded to hand out timetables and make start of term announcement like no running in the halls and no bullying at al dustin was mocking him which earned him and the rest of the group their first detention when the 5 had burst into fits of laughter max and one point falling off her chair and onto the ground struggling to breath

Then the bell rang and the the 5 walked to science with shit eating grins on their faces for science they had Mr whyatt a tall clean shaven man with a big floppy haired quiff wearing a tweed jacket and a bowtie they set a series of ground rules and then in pairs made elephant's toothpaste eleven nearly took out half the lab with hers

and maxes she was smitten

After science the group had to split up and jane had art alone she sat next to a young boy who looked sad with a spare seat

"Is this seat taken?" she asked

"No"

"Hi i'm jane" she stated

"Hi names will" he said with a smile that turned into a frown

"You okay?" she questioned

"No i've got depression"he replied dejectedly

"Oh sorry" she apologise

"No need to apologise" he stated in rather quiet and faint murmur

"Wanna join me and my friends at break?" she questioned

"Yeah!" he smiled

Art was fun even if jane wasn't very good at it mean while will excelled at art catching the attention of mr sargeant who said he had never seen art that good and he must have a brilliant muse. At break jane and will walk from art to the group as jane introduced will the chorus of 'welcome will began to fade out replaced by the sound of her own heartbeat *'shit she thought i need to take my beta blockers but 've got nothing to drink'*" she thought suddenly she keeled backwards and the rest of group noticed max rushed forwards and caught her before she hit the floor when she awoke the rest of the group was looking sullen and sorry

A chorus of 'why didn't you tell us you had a heart problem' and 'we are so sorry for not noticing you dropping out of the conversation' she turned over to max who was looking the most sorry of all "thank you" she croaked

"Sorry" she replied

Jane cleared her throat "thank you" she said

"For what?"

"For catching me if you hadn't i would be concussed now too so thank you" she stated

"No problem" she smiled sweetly

2. Chapter 2

Chapter 2

A few weeks later after 2 nights in the hospital a week in bed feeling sorry for herself she had decided to go and spend the night at will's as she was sitting around waiting for her dad the police chief jim hopper as she heard a car pull up she grabbed her sony walkman and bag of tapes as well as her head phones and duffel bag as she got into the car she put on night at the opera by queen and listen to bohemian rhapsody on the 6 minute drive to will's house as she got out she turned off her walkman and kissed her dad goodbye and stepped out of the car he rang the doorbell to be greeted by a stranger

"Ah you must be jane" he said as he beckoned her in "i'm jonathan will's brother he's in the last room on the left i think he's moping maybe you can talk to him"

Jane walked down the corridor and found the last room on the end with a sign that said 'fuck off' on it jane smiled and knocked on the door "go away" said a quiet voice from inside the room

"Will it's me Jane let me in" she stated in a kind voice she heard the lock click and the door opened with a slight push she walked inside and saw that will was sat at the foot of his bed

"You okay will?"

"No i got into a fight with my mom"

"Oh okay then try talking to her"

"No she doesn't understand"

"then make her understand"

Will goes off and jane finds a spot and unpacks late that night after many hours of homage to freddie mercury and a lot of flamboyance and two broken springs on will's bed the two went to bed and slept soundly the next morning hopper picked up jane left before joyce could get them to stay for breakfast jane ran into her room and

listened to shout at the devil

Shout, shout, shout

Shout, shout, shout

Shout at the devil

He's the wolf screaming lonely in the night

He's the blood stain on the stage

He's the tear in your eye

Been tempted by his lie

He's the knife in your back, he's rage

He's the razor to the knife

Oh, lonely is our lives

My head's spinning 'round and 'round

But in the seasons of wither

We'll stand and deliver

Be strong and laugh and

Shout, shout, shout

Shout at the devil

Shout, shout, shout

The next day will pulled jane aside at school

"Hey will"

"Hey jane"

"You okay?"

"Jane i think i might be gay"

"Wow okay well i think i like max"

"Cool you should talk to her"

"Fine who do you like?"

"Mike wheeler"

"Talk to Max"

"Talk to Mike"

"Fine"

"Done"

"Hey max can you mean me after school?"

"Sure whats up?"

"Nothing" she said nervously

After school as max walked over to jane

"Hey jane whats up?"

"Well let get on with this then"

"Get on with what?"

"Max i'm in love with you"

"Oh thank my star i love you too jane i was just too afraid to admit it"

"Max mayfield will you go out with me"

"Yes yes a million time yes"

When jane arrived home she could barely contain her smile when hopper asked what was going on she explained in high pitched voice and a high speed when she finally slowed down and jim figured it out

that she was dating max he was very understanding and excepted her as she was

The next day

"Dad can we go and pick up max?"

"Sure sweetie"

The drive to maxes house was filled with the singing doing alright as jane was in a good mood today. Jane climbed out of the car and knocked on maxes door. Instead of max she got maxes douche of a stepdad Neil

"Hey is max there?"

"Yeah MAXINE"

"ARGH don't call me that"

"Hey maxie"

"Hey jane" she blushed

"Need a ride?"

"Yeah"

"Hey mr hopper"

"Please call me jim now let's get you two love birds to school"

When the two arrived at school they saw mike and will holdings hands

"Aww" both girls said as they interlocked fingers

"Went well then i take it?" will said this was the first time jane had seen will properly happy since she'd met him

"Yeah you?"

"Great really great he feels the same way about me as i do about him"

"Really cause max feels the same way about me as i do about her also this is the first time i've seen you properly happy i think he might be good for you Will"

As the 4 walked into homeroom looks of shock and confusion plastered lucas and dustin faces as the 4 took their seats

"Did you all hook up last night?"

"Well" was all that could be heard from the 4.

Mr smith took the register and then the six walked off to English followed by homophobic shouts through the corridors Jane moved close towards max and nestled her head into her shoulder max wrapped her arm around her girlfriend as they kept walking.

At the end of the day max made a call from the front desk to home to say she was staying at Janes house and that she had spare clothes the two walked home and they took out there homework and a couple of hours later they were done and in a heavy make out session covered by loud death metal music namely Metallica's '4 horseman' max began to snack her warm hand up janes back and unhooked her bra then she pulled her shirt off and her bra fell to the floor and the put her shirt back on before grabbing janes breast Jane moaned before removing Max's hand as hopper had returned home.

At the wedding reception we danced and cried thanks the lord for waterproof makeup cause wills speech well that was something else

"And now I would like to invite the couple out for their first dance to I'm still standing by Elton John"

You could never know what it's like

Your blood like winter freezes just like ice
And there's a cold lonely light that shines from you
You'll wind up like the wreck you hide behind that mask you use
And did you think this fool could never win
Well, look at me, I'm a-coming back again
I got a taste of love in a simple way
And if you need to know while I'm still standing you just fade away
Don't you know I'm still standing better than I ever did
Looking like a true survivor, feeling like a little kid
And I'm still standing after all this time
Picking up the pieces of my life without you on my mind
I'm still standing. Yeah, yeah, yeah
I'm still standing. Yeah, yeah, yeah
Once I never could hope to win
You're starting down the road leaving me again
The threats you made were meant to cut me down
And if our love was just a circus you'd be a clown by now
You know I'm still standing better than I ever did
Looking like a true survivor, feeling like a little kid
I'm still standing after all this time
Picking up the pieces of my life without you on my mind
I'm still standing. Yeah, yeah, yeah

I'm still standing. Yeah, yeah, yeah

Don't you know that I'm still standing better than I ever did

Looking like a true survivor, feeling like a little kid

And I'm still standing after all this time

Picking up the pieces of my life without you on my mind

I'm still standing. Yeah, yeah, yeah

I'm still standing. Yeah, yeah, yeah

I'm still standing. Yeah, yeah, yeah

I'm still standing. Yeah, yeah, yeah

I'm still standing. Yeah, yeah, yeah

I'm still standing. Yeah, yeah, yeah

Well let's say that we slept extremely well the next day we went on our honeymoon to Cape Verde where we had lots of sex and plenty to drink
